Parents and Carers of Primary Students

13th May 2020

Dear Parents and Carers,

You, like us, will have heard for the first time from the Prime Minister and DfE over the past 48 hours about the possible next steps that will be taken to move the country forward from 'lockdown'.

In the DfE guidance which followed the Prime Minister's speech it stated, "by 1 June at the earliest primary schools in England may be able to welcome back children in key transition years – nursery, Reception, Year 1 and Year 6."

As yet, we have no more information than you do about the way in which this support may be offered or the confirmed date from which that support should be offered. As soon as we receive further information from the Department for Education, we will be back in touch with you to share our plans in accordance with that guidance.

Safety of students and staff will be our main consideration in this planning process.

In the meantime, our status is as it has been since the 23rd March.

Please be assured that we are continuing to develop our own plans and as soon as we have received further DfE guidance we will write to you again to share the relevant information with you.

Your continued support at this time of unprecedented challenge is much appreciated.

Regards,

Dave Euridge
Executive Headteacher
Reigate Valley College, Wey Valley College, Fordway Centre
