# Autumn Term 1

2025-2026

## English Writing & Reading

Our writing work for the half-term will be based around 'George's Marvellous Medicine'. Students will create a poem about their own marvellous medicine.

We will also look at persuasive writing in the form of adverts.

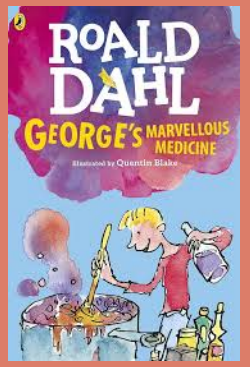

## Maths

Students will learn about multiplication and division during the opening weeks of this half-term.

We will later look at fractions with students learning how to recognise them as well as adding fractions with the same denominator.

## Topic

In Science, our topic for this half-term is adventurers, inventors and explorers. We will briefly emerge ourselves into different areas of Science whilst learning about several adventurers, inventors and explorers as well as their importance in Science history.

## PE

Students will participate in weekly PE sessions on-site. Students will complete a workout circuit consisting of several different activities.
We will also participate in weekly football sessions learning new skills in each lesson.

## Afternoon activities

Students will be taking part is RSE session on a weekly basis. This topic looks at internet safety including how to behave and what to look out for online.

Students will also have weekly Art sessions related to our Science topic. We will use different techniques create individual pieces of work.

## Computing

Pupils will develop their coding skills using Discovery Education coding. This half-term students will learn how to program objects to move in various ways.
