Spring Term 1

2025-2026

English Writing & Reading

In English, we will be reading 'Dogman' by Dav Pilkey together as a class. We will look at the features of a newspaper before writing a report from one of the events in Dogman. Students will also create their own superhero and write a short story using this character.

Maths

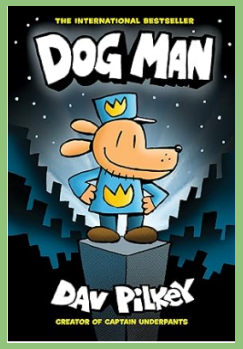

This half-term will begin by recognising the place value of 3-digit numbers. We will also begin to understand x 100 and ÷ 100 as inverses.

Students will work on their addition skills including mental and expanded addition before moving onto fractions including halving and fractions of amounts.

Topic

In Geography, students will travel around Modern Europe, learning key facts and exploring the varied countries that make up our continent.

They will also develop their skills in human and physical geography and further their historical and cultural knowledge of some European countries.

PE

We will also participate in fortnightly PE sessions on-site. Students will complete a workout circuit consisting of several different activities.

Afternoon activities

Students will be developing their social learning during afternoon's by taking part in team building exercises and games.
We will also be taking part in weekly PSHE discussions to develop understanding and support life skills.
Students will also have fortnightly Art sessions related to our Europe topic.

Computing

Pupils will develop their coding skills using Discovery Education coding. This half-term students will learn how to program objects to move in various ways.
