English Writing & Reading

In English, we will be reading different myths & legends in our English lesson. Students will create their own descriptive writing pieces about a mythical setting. We will also create our own mythical beast which we will use to write a character description.

Summer Term 1

2025-2026

Maths

At the beginning of this half-term students will work on statistics. Students will interpret statistics in different formats including tables, bar charts and venn diagrams.

Students will answer question about the information presented to them. They will also use the information to create charts and graphs.

Topic

In History, students will be exploring Ancient Greece. We will research Ancient Greek life and how it compares to modern times. We will also discover how the modern Olympics originated in Ancient Greece.

Students will also design and create their own Greek vase using ModRoc/Paper Mache.

PE

We will also participate in fortnightly PE sessions on-site. Students will complete a workout circuit consisting of several different activities.

Afternoon activities

Students will be developing their social learning during afternoon's by taking part in team building exercises and games.
We will also be taking part in weekly PSHE discussions to develop understanding and support life skills.
Students will also have weekly Art sessions related to our Greek topic.

Computing

Pupils will develop their coding skills using Discovery Education coding. This half-term students will learn how to program objects to move in various ways.
