Summer Term 2

2025-2026

English Writing & Reading

Our writing work for the half-term will be based around Roald Dahl's 'Charlie and the Chocolate Factory'. Students will write one of the scenes from a chosen character's point of view before creating a persuasive advert for one of Wonka's products.

Maths

At the beginning of this half-term students will work on number including addition, subtraction, multiplication and division.

We will also look at fractions in the later weeks of the half-term.

Topic

In Science, we will learn about types of forces such as gravity, friction, water resistance and air resistance by taking part in exciting experiments.

Children will also learn about the use of mechanisms such as levers, gears and pulleys.

PE

We will also participate in fortnightly PE sessions on-site. Students will complete a workout circuit consisting of several different activities.

Afternoon activities

Students will be taking part is RSE session on a weekly basis. This topic builds on children's knowledge of how we grow and change, both physically and emotionally, and the types of relationships that people have.

Students will also have weekly Art sessions related to our Marvellous Me topic.

Computing

Pupils will develop their coding skills using Discovery Education coding. This half-term students will learn how to program objects to move in various ways.
